

Authentic look,
inspiring design.

An Oldcastle® Company

Limitless design potential for a truly distinctive statement.

An expanse of stone makes a statement that no other building facade can rival and Glen-Gery Landmark Stone speaks that language most eloquently.

The visual appeal is immediate and powerful, conveying an impression of strength and durability that evokes feelings of grandness and serenity. Suited to traditional and contemporary design, Glen-Gery Landmark Stone captures the authentic textures, hues and unique characteristics of natural stone in its comprehensive reproduction series, the Landmark Stone Collections.

Glen-Gery Landmark Stone is manufactured with the same attention to detail and craftsmanship that have defined all Glen-Gery products for over a century. That's why the country's most visionary architects, designers and builders rely on them. They know that Glen-Gery consistently sets the benchmark for products that keep pace with the aspirations of each generation. And that has never been more true than today.

Details, accents and accessories complete the design to perfection.

Nothing pleases the eye more than the enriching accents that distinguish a great design. Glen-Gery Landmark Stone series includes a fine selection of contemporary and traditional decorative accents and accessories in a range of complementary color tones. Keystones, sills, trim stones, hearthstones, rowlocks, caps and outlet boxes perfectly fulfill design principles and have the practical benefit of reducing the potential for water penetration.

The number of stones displayed does not allow a complete representation of all sizes, shapes & colors for individual products.

Glen-Gery has a first-rate reputation for its product warranties, and the same standing applies to all veneer stone products manufactured by Glen-Gery Landmark Stone. They are warranted to be free from manufacturing defects for a period of fifty years, and the details of the warranty are among the best in the industry.

Glen-Gery Landmark Stone adds a touch of class to commerce.

The enduring appeal of Glen-Gery Landmark Stone is beautifully on display at commercial installations across the country. It conveys an aura of security and character on corporate complexes, medical campuses and civic facilities. Such distinctive buildings provide a welcoming environment for the individuals who work within them, and they are visually gratifying to those who have a passing acquaintance with them.
