Designing
with Natural Stone
VOLUME 5

Virginia Ledge Stone™

Mark Knauer, architect

*“Timeless Beauty”..
Natural Stone has a place in history
where the past is always present.*

Natural Stone Veneers International (NSVI) fabricates natural thin veneer stone for interior and exterior building applications. NSVI has emerged as the leader in the natural stone industry with its diverse natural thin veneer stone products, distribution and marketing.

Designing with Natural Stone “Volume 5” is a compilation of over fifty product lines quarried from around the world. These collections expand and complement structural dimension with a diversity of color and texture. Many variations on how Natural Stone Veneers can be the crowning achievement to any construction endeavor are depicted in project photos throughout this catalog. New products and a complete photo gallery can be found online.

NSVI Collections

- Biltmore Collection . . . 4-7
- Tuscan Collection . . . 8-11
- Mosaic Collection . . . 12-13
- Fieldstone Collection . . . 14-17

Steeped in history and enduring charm, the Tuscan Collection draws countless admirers, and is a favorite among those seeking the perfect look for their dream home. The Tuscan Collection can be applied with two different mortar joint finishes – a traditional grout finish and an overgrout finish (for an “old world” look).

Ledgestone Collection

"...there's a consistency in the stone that allows us to write a spec and not have to spend a lot of time tracking things down... we don't have to go out to the quarry or to the supplier to make sure it's the right stone."

"...Natural Stone's varied texture and range of colors made it a perfect fit for the long, sweeping walls that form the base of the (Hubbell) building... additionally, the stone veneer products used on the building were the most cost-effective material to achieve the client's goal..."

~ KJ Jackobs, AIA, LEED AP, architect

NSVI Blends

Blending product lines is a great way to bring individuality to a project. From traditional design elegance to contemporary style, the enduring beauty of our natural stone blends and accents perfectly—inside and out. The unique properties of our natural stone veneers allow them to be the ideal design concept for your architectural application. Color, texture and durability of real stone without the weight... no extra footings necessary.

Flat and Corner Packaging

FLATS: Up to 10 Sq. Ft. per Box
 Up to 100 Sq. Ft. per Crate
 Up to 180 Sq. Ft. per Crate

CORNERS: Up to 10 Lineal Feet per Box
 Up to 100 Lineal Feet per Crate

- LedgeStone Collection is packaged for tight fit installation.
- All other collections packaged using a 1/2" mortar joint.
- NSVI recommends a thin set mortar meeting ANSI 118.4 on any exterior tight fitted joint installation.
- Images shown in this catalog are intended to be as accurate as depictions of color and texture can be on the printed page. Because NSVI produces a natural stone product, shades may vary.
- For best results of color and texture, work from as many packages as possible.

Installation Instructions

Installation guides, videos, cleaning instructions and corner installation for Virginia LedgeStone and Hudson LedgeStone can be downloaded from our website in PDF format. We also offer a 10-Step Video Tutorial showing the application of our natural stone veneers. nsvi.com/installation-instructions

Design & Detail Recommendations

Information on the proper design and detail of the backup structures and other design information for NSVI stone can be found in the 2011 Building Code Requirements for Masonry Structures (TMS 402-11/ACI 530-11/ASCE 5-11).

Detail Drawings

Detailed drawings for Natural Stone Veneer application on a variety of surfaces can be found at: nsvi.com/specs
