TIMELESS & TRENDING

THE ESSENCE OF OUTDOOR LIVING.

The primary goal in designing an outdoor living room is to create a space that invites you to spend time outdoors. Whether you enjoy entertaining large groups or prefer an intimate space for curling up with a good book, Belgard® is your source for patio designs that bring the outdoors to life.

Follow Belgard on Pinterest at

LIVE WITHOUT BOUNDARIES

Outdoor settings become rooms without roofs – no longer just dining areas on decks. Create outdoor social spaces to entertain, work, play and relax.

Pictured: Holland Stone

FINE DINING ONLY A FEW STEPS AWAY

TRENDING & TIMELESS TIP

GO 'GREIGE'

The year's most sought after neutral isn't going out of style any time soon. Its beauty is in its versatility. The addition of gray to beige creates a richer hue that can work in a cool or warm color scheme, meaning your hardscapes will continue to coordinate with evolving styles.

DEFINE YOUR SPACE

Incorporating multiple styles is a great way to segment your outdoor living areas into rooms without roofs. Adding a sleek border with a more natural stone, like in the image at right, creates the cozy feeling of a hearth rug in front of the fireplace.

Pictured: Lafitt Paver, Holland Stone (border) and Mega-Arbel Patio Slab (hearth rug)

MIX TEXTURES

From sleek contemporary to the look of cut slate Belgard offers a variety of textures to play with. Go for a monochrome look, like in the image at right, to maximize the tactile experience without overwhelming the eye.

COLOR TECHNOLOGY

BRIGHTER COLORS, LONGER

Belgard® uses a variety of cutting edge technologies to improve product durability and make sure colors stand the test of time.

Through the use of proprietary admixtures and in-line treatments, Belgard is able to protect our product from the very beginning; during the manufacturing process.

PICTURED: CATALINA™ SLATE

TRUCCOLOR ENHANCES COLOR & DURABILITY

WHAT IS TRUCCOLOR?

Belgard's exclusive premium surface color-enhancing protectant. TrueColor enhances the original color depth of Belgard pavers and extends color fastness and durability over time. It also makes treated pavers more resistant to everyday wear and tear such as UV rays, stains and even acid. TrueColor is not a sealer, and does not create a glossy or wet look. It enhances the original color of the paver without losing the surface texture of real stone.

HOW IT WORKS

Surface texture has a lot to do with how our eyes perceive color. TrueColor works to fill in surface roughness, resulting in pavers with deeper, richer colors.

PROTECTION FROM FADING

Concrete fades when exposed to ultraviolet radiation from sunlight. TrueColor provides powerful UV protection that reduces fading – no more tired-looking pavers! In addition, everyday wear and tear effects the pigments in pavers. Over time, the fine particles containing pigment on the surface of the paver may be worn away leaving the paver looking faded. Pavers with high strength and low absorption will retain surface and color integrity over time. Integral color enrichment systems such as TrueColor can help to raise paver quality and preserve color depth and hues.

BUILD COLUMNS IN A SNAP

Tandem® Column Kit is an innovative, versatile system that can be used to create attractive, easy-to-install and durable columns. Great for use in residential and light commercial hardscape projects.

WALL IT OFF WITH U START

One of Belgard's latest innovations, U Start Base Block® is a universal base course for landscaping walls that promotes cost savings and installation time efficiency.

TANDEM® MODULAR GRID GIVES YOU ENDLESS POSSIBILITIES

Construct virtually any design up to 7' tall by simply attaching the grids to a wooden structure and connecting the veneers. Build an outdoor kitchen, skirt a deck, run electrical for lighting/sound, construct seat walls... the possibilities are endless.

INSTALLATION INNOVATIONS

PRODUCTS THAT MAKE INSTALLATION EASIER

Belgard® offers several products designed to make installation easier and more efficient. Why spend more time and money when you don't have to?

SCULPTED STANDARD or PRO

Whatever the building requirement, Belgard® wall systems are designed to work in harmony with your landscape. From functional retaining walls to fashionable outdoor living areas, you decide the application.

WE'LL PAVE THE WAY

Diamond® 9D

FREESTANDING OR RETAINING

Knowing the difference between retaining and freestanding walls can have a positive impact on your project and lead to a more enjoyable outdoor space.

Freestanding walls allow you to divide your outdoor living space into different areas. They provide visual interest and can make even the largest yard feel more intimate. Freestanding walls easily incorporate with other features like fireplaces or outdoor kitchens to provide a cohesive look.

Retaining walls can have multiple purposes. Some help to increase usable space, whether that be a flower bed or added yard space, while other retaining walls help to prevent erosion. Either application is made possible by a wall system that holds back soil and properly manages drainage. Larger walls also utilize soil reinforcement for added strength and long-term stability.

ACCESSORIES

The details complete the design. Belgard offers caps, columns and other accessories to complement any hardscape design. Mix textures to add a modern look to a rough-hewn wall-face. Include a cap in a complementing color to add visual interest. The possibilities are endless!

Consult a Belgard Certified contractor for information on all of our wall products and to receive project design assistance through Belgard Design Studio.

HOW TO SHOP WALLS

FACE-STYLES

Outdoor areas of any size or shape can be transformed with Belgard wall products. The shapes and textures of our wall systems blend with the environment to create attractive and functional landscape wall features.

Tandem® Wall

The Tandem family of products is a revolutionary platform that showcases the Stone-like aesthetic that homeowners prefer while offering job site efficiencies contractors need. Tandem is a complete system, with a column kit and modular grid to provide versatility and 2 face styles to complement any outdoor living space.

COLUMNS

Building columns is easy with the Tandem system. Add a finishing touch to a wall, create a grand entry the end of a driveway or dress-up an existing deck post. Ask your Belgard® Representative about our Tandem® Column Kit with Steel Cages, Clips and Veneer Units in one convenient package.

MODULAR GRID

Tandem® Modular Grid is a revolutionary system that makes it easy to construct outdoor living elements. Use steel grids and heavy-duty connectors to construct virtually any structure up to 7 ft tall including privacy walls, outdoor benches, kitchens and much more.

WALLS

The Tandem Wall system designed by Belgard is an innovative, versatile system that can be used to create attractive, curved or straight retaining and freestanding landscape walls. Great for use in a wide range of residential and light commercial hardscape projects.

2 UNIQUE FACE STYLES

LAFITT TANDEM™
A solid unit with the look of chiseled stone

LAMINA TANDEM™

FIREPLACES OUTDOOR KITCHENS FIRE PITS

Outdoor focal points don't have to be a hassle. Our pre-assembled modular fireplaces and outdoor kitchens take the guesswork out of assembly and our fire pit kits make relaxation simple and installation easy. You cozy up.

WE'LL PAVE THE WAY

Weston Stone™ Fire Pit Kit

OUTDOOR FIRE FEATURES AND KITCHENS

Browse our outdoor kitchen collections and fireplace kits to find the right centerpiece for your al fresco experience. Our line of pre-assembled modular Elements™ not only carry our standard warranty, but also can be installed within hours to any project.

BRISTOL™ SERIES

A beautiful combination of tumbled block with Arbel® and Urbana® accents, Bristol's rustic look blends well with virtually any landscape.

BRIGHTON™ SERIES

Featuring the same 36" firebox as the Bristol Series, plus a built-in hearth and metal accent, Brighton is a beautiful option.

BORDEAUX™ SERIES

A timeless stackstone design that allows the fireplace, the grill island, or the brick oven to become the focal point of your outdoor space.

Shop Belgard Outdoor Kitchen and Fire Features at Belgard.com/Elements

BRICK OVENS

Inspired by traditional oven designs first used over four thousand years ago. The secret is our authentic, low-height Neapolitan dome design. The design creates high, even temperatures for balanced cooking and genuine wood-fired taste.

Available in Bordeaux™ and Bristol™ Series.

NOTE: All our Fireplaces, Brick Ovens, and Fire Pits come standard as wood-burning units. However, our fireplaces and fire pits can be retro-fitted for gas burning log sets and burners. Our brick ovens are wood burning units only. Please contact us for more details 877-235-4273. Also, be sure to check with your local municipality for any codes that may affect your installation.

Bristol™ Series Brick Oven

WESTON STONE™ FIRE PIT KIT

Belgard's Weston Stone™ Universal Fire Pit Kit installs quickly and offers the clean and contemporary look of tumbled stone. Available in four popular color blends developed to complement most Belgard paving stone and retaining wall types. Available in round or square kits.

BORDEAUX™ GRILL ISLAND

Featuring a Napoleon gas grill and stainless door set, Belgards' Bordeaux Grill Island will have you grilling in no time!

Grill Island
3'D x 6'4"W x 4'4"H
Includes Napoleon Grill and Door Set. Grill is available in propane or natural gas. Must be specified when placing order

PAVER CARE

PROTECT YOUR INVESTMENT

Belgard Products are designed to last for generations. Many homeowners choose to further protect and beautify their investment by applying a protective sealer. Adding a sealer can enhance the beauty of a project by highlighting the color and texture of the surface. It will also offer protection from stains like oil, grease or other accidental leaks.

Techniseal Protector for Concrete Pavers (Top-Bottom): Natural Look Matte Finish, Clear Look Semi-Gloss Finish, Color Boost Matte Finish, Wet Look Gloss Finish

THE ULTIMATE PROTECTION SYSTEM

Techniseal's 3-step treatment system guarantees the best results. Remove stains with a specially formulated Stain Remover, prepare the surface with Paver Prep, then apply a Protector that delivers the look you want.

NEW SMARTSAND™ POLYMERIC SAND

WITH NEXTGEL TECHNOLOGY

- Ideal for interlocking pavers
- For joints up to 1"
- Easy sweep - No haze
- Fast wetting
- Rapid set
- Prevents erosion and weeds

SELECTING A CONTRACTOR

A hardscape project is an important investment in your home and selecting the right contractor is a critical decision. Don't be afraid to ask a lot of questions. It's important that you get to know your contractor so that you can work together as a team to create your ideal outdoor living space.

WHAT TO ASK

Are you certified?

Inquire about specialized certifications and training from organizations like the Interlocking Concrete Paver Institute (ICPI).

All Belgard® Contractors are required to have at least one team member who is ICPI certified and must meet annual requirements to maintain the company's status.

Are you insured?

It's important to hire a contractor who can provide proof of insurance and is able to guarantee their work for a period of at least three years after the installation.

Can I get a reference?

Ask for customer references and to see photos of past projects, both for design ideas and to get a sense of the contractor's level of creativity, expertise and work ethic. Ask for an address or two and check out the workmanship up close, with the homeowner's permission of course.

What isn't covered in your estimate?

Determine upfront which aspects of the project the contractor can handle. Will their team manage landscaping, plumbing, irrigation and lighting or will you be expected to handle this separately?

What's the schedule?

Be sure to get a complete understanding of payment terms, estimated start date and turn-around time.

CHECKLIST FOR CONTRACTOR:

- | | |

YOUR PROJECT STARTS HERE

Ready to take the next step?
Belgard provides tools to easily
kick off your next project

BELGARD® WILL IMPROVE THE BEAUTY AND VALUE OF YOUR HOME.

But like any construction project, it's necessary to have as much information as possible before you begin the process. With that in mind, we created a project planning guide dedicated to helping you make the best decisions and understand what to expect before you get started with your project.

GET YOUR PROJECT PLANNING GUIDE AT BELGARD.COM/PLANNER

PROJECT CONSIDERATIONS

- ❑ The general project should be conducted in phases, which include: demolition, site preparation, base material installation, bedding sand installation, hardscape installation, polymeric sand installation, additional paver cleaning and sealing.
- ❑ The timeline for your hardscaping project depends on several factors including the **size and scale** of the project, **permits needed** (which vary by municipality), and the acceptance of any community organizations, such as homeowner associations or architectural review boards.
- ❑ All outdoor projects are subject to weather conditions so there could always be delays.
- ❑ Spring and summer are the busiest periods for contractors, so **start your planning during the winter months** or consider scheduling your project in slower periods.
- ❑ **Confirm all the work you'd like done is contracted and scheduled up front.** Adding additional features will delay the schedule and add to the total cost.
- ❑ Check with your contractor to ensure that all items being installed are readily available or match your timeframe.
- ❑ Be sure to **discuss with your neighbors** any construction phases that might be disruptive so that you can communicate that information to them as needed.
- ❑ If you have a large project and would like to phase out construction over time, be sure to **plan the entire design** before you get started so that you can plan for any electrical, plumbing, drainage or landscaping needs.
- ❑ Consider building your backyard before any projects in the front yard to avoid damaging your front yard.
- ❑ When your project is finished, **walk through it with your contractor** to ensure the quality of the install, and **ensure you have receipts for materials / labor** and have registered your warranty.
- ❑ Always take into consideration the next step of the project: What does the landscaping look like? Do you need to schedule the contractor to seal the pavers? Plan ahead to make sure you finalize your project and can enjoy it for years to come.

TIMELINE -

Planning the project

PHASE 1: 4-6 weeks

- ❑ Consider how you will use the space and your budget
- ❑ Examine styles and colors for your house or landscape
- ❑ Get inspiration online
- ❑ Research approval requirements from municipality or HOA
- ❑ Set a budget

Installation

PHASE 3: 2-12 weeks

- ❑ Time of the installation will depend on the scope of the project
- ❑ Check with the contractor to ensure the materials ordered have the correct color and are accurate
- ❑ Connect with your contractor to ensure it is properly installed

MAKE YOUR DREAMS A REALITY

with Belgard Preferred Payment

With the Belgard® Preferred Payment program, you can complete your outdoor project in just a few weeks, instead of phasing it out over several months or years.

Available only through **Belgard Contractors or Dealers**, Preferred Payment offers same-as-cash financing that allows you to start your project immediately.

There are often construction economies that can be achieved by doing the entire project at once, **which could save you both money and time.**

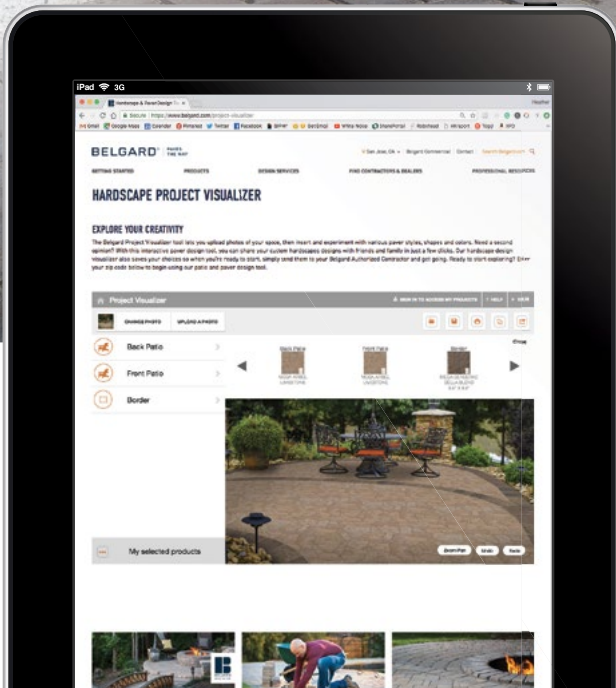

Plus, you get to start enjoying your dream outdoor living space much sooner!

**TO LEARN MORE,
VISIT BELGARD.COM/BPP**

BENEFITS OF BELGARD FINANCING INCLUDE:

- No payments or interest on approved credit
- Quick, easy and safe toll-free loan-by-phone application process
- No paperwork
- A credit decision in about 10 minutes
- No application fees, no closing costs and no prepayment penalties

VISUALIZE YOUR PROJECT

Belgard's online Project Visualizer allows you to be your own hardscape designer. Choose from our image library or upload your own photo to experiment with paver styles and colors and explore an infinite number of design possibilities.

PEACE OF MIND, GUARANTEED

LIFETIME TRANSFERABLE LIMITED WARRANTY

Oldcastle® APG, Inc. ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard® guarantees its Products against these standards for the lifetime of the Product defined by ICPI. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. The original proof of purchase is required.

This warranty is only valid if the material is installed under the guidelines of the ICPI (www.ICPI.org), The NCMA (www.ncma.org) or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job be installed by a Belgard Contractor who provides a guaranty of their workmanship for a minimum of 3 years from the date of install. For warranty service, contact Belgard at 1-800-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard product fails to meet the specifications, Belgard will replace the defective product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow for the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. All other warranties, express or implied are waived.

For specific information regarding warranty coverage and exclusions in regards to the Elements and Porcelain Paver products, please visit: Belgard.com/Warranty
